THERE IS A DIFFERENCE

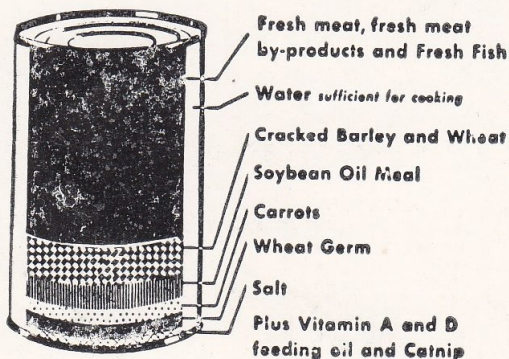

...Between Calo and Other Cat Foods !

CALO is the Cat Food made with *tasty meats plus fresh fish!*

Does your cat go fishing?

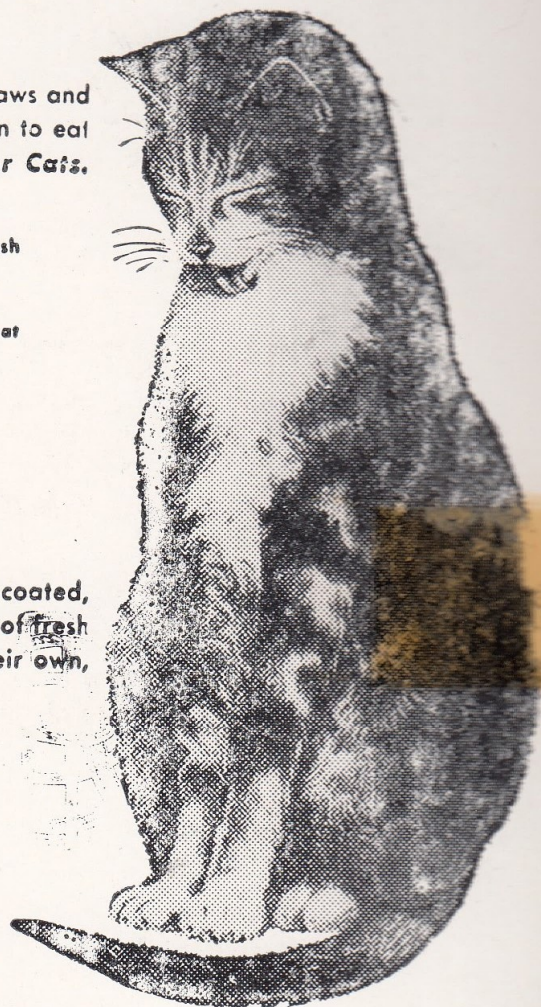

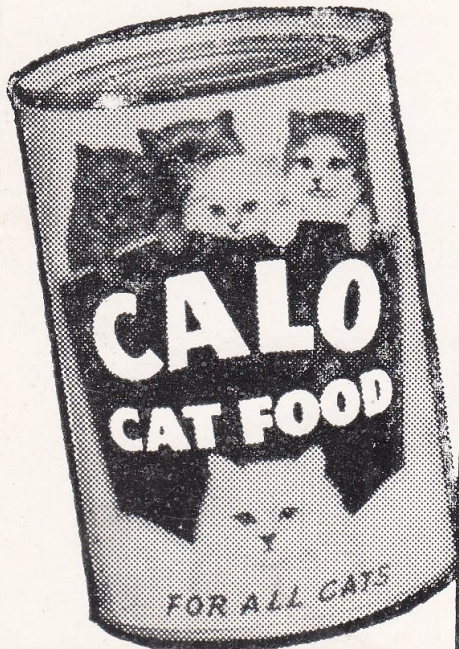

Well, hardly!

One glance at Kitty—especially at the sharp claws and teeth—and you'll see that this animal was born to eat meat. *Here's Calo's balanced formula for Cats.*

This is the well-balanced formula for glossy-coated, healthy cats. Only CALO has this combination of fresh meats, vegetable and fresh fish, cooked in their own, delicious juices. See the *difference!*

A PRODUCT IS KNOWN

By the Company It Keeps!

MRS. RITA SWENSON
Judge of Long Hair Specialty Show

Mrs. Rita Swenson, outstanding judge and cat breeder, who owns Casa Loma Cattery, 18 Willow Street, North Adams, Mass., was the first cat breeder to experiment with and use Labco Pet Shampoo over 10 years ago, before this product was placed on the market. She writes, "Labco Pet Shampoo is celebrating its tenth birthday and we at Casa Loma extend our warmest felicitations. After a decade of regular use we realize this is, indeed, an incomparable product, having no peer. I value good condition in an animal, and there is nothing to equal Labco Pet Shampoo for removing fleas, dust, and oily grime from a cat's coat, and leaving it soft, lustrous, and healthy-looking. To me, it is a 'Magic Formula.' I couldn't do without it."

The trained eye quickly notes the effects of Good Nutrition

Among the many letters we receive from cat owners commenting favorably on Puss 'n Boots Cat Food, we particularly prize those from breeders and others who are professionally concerned with cats. While the effects of good nutrition—provided by Puss 'n Boots—are apparent to all cat owners, they are most quickly observed by a trained eye.

A Premium Cat Food

Puss 'n Boots costs a penny or two more than other commercially prepared cat foods, because it is made from *whole fish*. All the valuable nutrients of the fish are retained—even the tasty fillets which are usually reserved for human consumption. So the expense of preparing Puss 'n Boots is naturally higher than that of cat foods made from by-products. But its cost is *low* in terms of its nutritional benefits—those benefits which are so readily observed in a cat's energy and appearance.

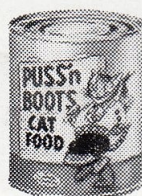

The Natural Life Balance in Whole Fish

By processing the whole fish (fresh caught by our own fleets), Puss 'n Boots retains the natural balance of nutrients which existed in the living fish. Besides

the fillets, which are rich in proteins, Puss 'n Boots retains the liver and glands for vitamins and minerals, the bone structure (made crumbly and digestible) for calcium and other valuable elements a cat needs. Wholesome, palatable cereals are added to the finely ground fish for flavor and all-round nutrition. The formulation is based on continuing research by Puss 'n Boots professional consultants, and on studies in our cat colonies, where cats live under ideal conditions for scientific observation.

Benefits Can Be Quickly Seen

You can use Puss 'n Boots in your own cattery, and recommend it to cat purchasers, with confidence that its nutritional benefits will be quickly apparent. Puss 'n Boots is sold at food stores and pet shops everywhere.

CHIRN SA-HAI CATTERY

Reg. C. F. A. — C. F. F. — A. C. A.

Congratulations Boston Cat Club

on this occasion — your Golden Anniversary Cat Show. We are glad to be a part of it!

I wanted to bring "String-bean" so Mrs. Goforth could see him, but I couldn't. He is Champion Goforth's We Wun you know — and has brought many honors to Chirn Sa-hai. Has sired many champions, male and female. To list a few and not *all* would be unfair to him, so I won't try. His most famous daughter is Double Grand Champion Chirn Sa-hai Nee-Ang. We Wun really has carried on the example set by his famous Grand Sire, Champion Oriental Nanki Pooh, whose memory this show is honoring.

Yes, we have Aby., kittens and adults for sale. Also Seal Point and Blue Point Siamese.

Our "Ricki" Aby. male, won his third All American win this year. We also won the C. F. A. Short Hair Award again this year. Not bad!
